Lima looked like a shut out to Pickett's batting against the Molders. Saturday afternoon, until the eighth inning when Pickett drew a pass ball and knocked a clean home run to the center garden. However, the pitcher of the Ohio State League held his own and prevented any more run getting. Lloyd worked for the visitors and pitched steadily with the exception of the first game when the locals landed two runs on a single, walk and two-base hit.

The visitors are credited with four runs however, but one proved costly and that was when Wratten fielded a Weller's bingle along the third base line, and threw it over Fisher's head with such force that Newnam caught it, and Weller was barely caught at the plate.

Pickett pulled himself out of several holes, and held his position perfectly, having seven assists to his credit, and in the eighth, caught Pickett napping off of second base. In the ninth inning Manager Davidson, who acted as backstop for the visitors, exchanged positions with Lloyd in center field, and the new ball and unbreakable work behind the bat. Little Reilly was again in the game with two runs, two hits and two stolen bases, on four times at bat.

The Molders have an excellent bunch of talent together, and with a little more work they will make some of the teams step along to keep in advance. In yesterday's contest they were ahead of the locals in hitting and the Clarks makers star base hitting, which is an essential factor in being in the runs, as well as hitting.

The Clarks makers should feel satisfied with two out of three from Davidson and if they can duplicate the record with Mansfield, they will be in good shape for the trip abroad, which starts Monday.

The game in detail:
First Inning—Pickett was first hit and flew out to Foutz. Snyder was hit on a grounded one. Weller to Sykes, Pickett put one just over Sykes' head, for a single, and Johns went out on a bunt. Pickett to Sykes. No runs.

Pickett popped out to McClintock. Reilly hit safe to center and stole second. Miller walked. Foutz bunted and landed on first in Lloyd's attempted catch. Reilly at third, which failed. Foutz hit the bases. Fohl popped out to Weller. Sykes hit to left for two bases. Scoring Reilly and Miller. Newnam was retired on a grounded one to Weller. Two runs.

Second Inning—Fisher popped out to Newnam. McClintock was retired on a bunt. Pickett to Sykes, Wratten drew a pass, and Davidson was retired on a grounded one. Fink to Sykes. No runs.

Weller popped out to McClintock. Pickett was retired on a swift groundout. McClintock to Fisher and Fink on one. Wratten to Fisher. No runs.

Third Inning—Lloyd made a clean hit to center. Pickett put a safe one back at the third sack. Snyder sacrificed. Pickett to Sykes. Pickett put a long fly out to Miller and Lloyd was caught at the plate. No run.

Reilly hit safe through second, and stole second. Miller put a clean one to center advancing Reilly and stole second. Lloyd sacrificed to Johns, in center scoring Reilly. Fohl fanned and Sykes was retired on a bunt. Lloyd to Fisher. One run.

Fourth Inning—Johns fouled out to Foutz. Pickett was retired on a bunt. Pickett to Sykes, McClintock flew out to Reilly. No runs.

Newnam hit safe to left, Weller put the ball over Fisher's head to center. Newnam scoring, and Pickett went out on a bunt. Lloyd to Fisher. Fink hit safe through short and was caught stealing second. One run.

and Sykes was retired by Fisher un-

assisted. No runs.
Sixth Inning—Snyder hit safe to right and was retired at second on Pfeiffer's bingle to Fink. Newnam covering the bag. Johns hit through short and advanced Pfeiffer, who was caught napping at second by Pickett. Fisher hit safe through second and McClintock was retired on a bunt. Pickett to Sykes. No runs.

Newnam flew out to Snyder. Weller was retired on a grounded one. Wratten to Fisher. Pickett popped out to McClintock. No runs.

Seventh Inning—Wratten flew out to Foutz. Davidson was retired on a groundout to Sykes. Pickett covering the sack. Lloyd walked and was caught stealing second. No runs.

Fink landed safe on McClintock's error and was retired at second on Reilly's bingle to McClintock. Reilly stole second and was caught trying to make third. Miller walked and stole second. Foutz fanned. No runs.

Eighth Inning—Pickett drew a walk. Snyder put one to the center field fence for four bases. Pfeiffer and Johns fanned and Fisher retired on a grounded one. Newnam to Sykes. Two runs.

Fohl reached first through Pfeiffer's fumble of a short fly. Sykes sacrificed. Newnam walked. Weller popped out to Pickett and Fohl was doubled out at second. No runs.

Ninth Inning—McClintock reached first on Newnam's error. Wratten sacrificed. Davidson was retired on a grounded one. Newnam to Sykes and Lloyd ended the contest by being retired on a ground bingle. Fink to Sykes. No runs.

SHAWNEE ITEMS.

Shawnee, May 14, 1909.

Corn planting is the order of the day.

The Shawnee Grange will meet in regular session at the township house this evening.

Mrs. T. W. Blackburn and daughter, Hazel, of Chiderville, and the former's mother, Mrs. Brown, of Ottawa, were entertained Wednesday at the home of Mr. and Mrs. C. D. Strawbridge.

John Brown, ex-township trustee, who has been seriously ill for several weeks with a complication of diseases, is slightly convalescent.

Mrs. J. E. Hesser, of Ada, was a guest the fore part of the week with Shawnee relatives.

Lawrence Umbaugh was a Sunday visitor at the home of Lima relatives. Mr. and Mrs. William Ranck have as their guests this week, Mr. and Mrs. Alva Wolner and daughter, of Newark.

Mr. and Mrs. Eric Roser became the proud parents Sunday of a baby girl.

Memorial Day will be properly observed at Shawnee Chapel with appropriate exercises.

W. A. Mowery is remodeling his house.

Nelson Bowsher and family, of Lima, and Carl Bowsher and family, of near Wapakoneta, were guests Sunday at the home of Mr. and Mrs. G. W. Bowsher and family.

Miss Blanche DeLong has resigned her position as teacher in the Lutheran Sunday School and has been succeeded by Miss Ethel Ritchie, who is an efficient young lady fully capable of faithfully performing the duties thus devolving upon her.

Hog Creek got on a rampage the fore part of the week doing considerable damage to fences, pasture fields and growing crops.

Circus day is but one week away and the small boy is induced to put forth his best efforts in an endeavor to have the work done by Friday so that all may go to the city and see the circus.

Several followers of Isaac Walton made a trip to Lake View this week but practically to no avail. Judging from some of the stories they tell of the ones that fell off the hook just as they were about to be landed, we naturally infer that boating on the big reservoir must be a dangerous pastime. What if one of these big

ones should capsize the boat?

J. O. Breese has purchased a big six-cylinder automobile and is learning the tricks of the chauffeur this week. Thus far he has not undertaken to knock down any fences or climb any telephone poles with it.

Miss Bessie South, who has been living with Mrs. Sarah Breese for a couple of years, is visiting this week with her parents, a mile west of Hume.

Miss Treva Morris closed a very successful term of school at the Snider's Crossing Friday. At noon an excellent dinner was served by the ladies of the district and during the afternoon an excellent program was rendered. During the evening the same program was repeated at the meeting of the Shawnee Grange before a well pleased audience.

A large class will be initiated. A special program rendered and ice cream and cake will be served.

Deputy Swan and wife wish to meet all members of the order, as this will be their farewell meeting prior to their leaving in Dayton district.

By order of secretary. 4-21.

Sick headache, constipation and biliousness are relieved by Rings Little Liver Pills. They cleanse the system. Do not gripe. Price 25c. Sold at Red Cross Drug Store.

ORPHUM THEATRE.

The moderate price vaudeville houses are surely encroaching upon the business of the larger theatres. This is not altogether due to the lower price of admission, but also to the class of acts presented. An illustration of this fact is seen in the bill at the Orphum this week, which in addition to other good things includes Carmelo's living pictures and art poses. An act of this character has seldom been seen in the small houses, and even the larger theatres have not thus far offered living pictures with quite the complete electrical effects used in the Carmelo production. This is unquestionably one of the prettiest acts shown here this season.

CAREFULLY PACKED

Is Silver Service That Has
Caused Some Bitter
FeelingBECAUSE THE
PORTRAIT OF DAVISIs Engraved on it.—Will be
Presented First of
June.

Philadelphia, May 14.—Carefully packed and under close guard the magnificent silver service for the United States battleship Mississippi was shipped from this city today to Meridian, Miss. The service which was made by a Philadelphia jewelry house, was on public view in the art gallery of the company all this week. It will be placed on exhibition in Meridian on Monday for a week and will then be taken to Jackson for public view after which it will be transferred to Pascagoula where on June 1, it will be formally presented to the big battleship.

More than the usual interest was attached to the service while on view because of the criticism relative to the engraving of the portrait of Jefferson Davis on one of the larger pieces of the set. The service contains 63 pieces, weighs about 2600 ounces and cost \$7200.

The punch bowl has engraved on the side a likeness of the Mississippi and on the opposite a picture of the old United States Steamship Mississippi built in Philadelphia in 1841 and sunk by Confederate batteries in the civil war. Admiral Dewey was executive officer of the ship when destroyed. Mrs. Eunice Miller Lockwood, of Crystal Springs, Miss., whose father was commander of the old Mississippi, was instrumental in raising the funds for the silver service of the new Mississippi and will

formally turn it over to the governor of Mississippi.

PREPARATIONS
Completed for Ohio Grand
Lodge K. of P.

Preparations have been completed for the fortieth annual convention of the grand lodge of Ohio Knights of Pythias, to be held in Dayton, opening Tuesday, June 8th. There probably will be three days of the session. The grand temple Pythian Sisters will be held in Dayton at the same time. Jacob Woehle, of Columbus, grand chancellor-elect, will be installed and close the grand session. All grand officers-elect will be installed. In addition to the business of the grand lodge, there will be a number of social affairs and a parade of the uniform rank and the lodges of the state. A visit to the Soldiers' home will be made on the afternoon of the first day's meeting.

OIL REFINERS
WANT HEAVY DUTY.

Independence, Kan., May 14.—Independent oil refiners met here yesterday and adopted resolutions asking congress to place a 50 per cent ad valorem duty on oil. President Naprecht, of Cleveland, O., and Secretary Chamberlain, of the National Petroleum Association, were present at the meeting.

A CERTAIN ABUSED PERSON.
Ah, he was fair! The sun never shone on one
As fair as he.
When tumult dies, and all is said and done.
Then we shall see
How fair he was! But, O, how indiscreet!
The frenzied fans they harried him, and beat
Hum up because his ruling brought defeat
But he was fair!

FIRST NUMBER OF MACKS MAGAZINE DEVOTES SPACE TO HARMON

And Adds Prominence to His Candidacy for the Presidency.

SENATOR DICK CANNOT CONCUR

In All the Appointments That Are Recommended By One Burton.

Official Duties Compel Gov. Harmon to Refuse Invitations.

Columbus, O., May 14.—In the annual number of Norman E. Mack's National Monthly magazine, evidence of the fact that Ohio's present governor is a national prominence is being given. A special feature is made of Governor Harmon's argument on the rights of states, following exactly the line of the Jeffersonian in New York and the Jeffersonian in Ohio. Mention is made of the fact that Governor Harmon is a native of Ohio's governor. In addition to this appears a reproduction of a cartoon with reference to the "Harmon Guard."

Can't Always Concur Now. One Senator Dick achieved some notoriety by the use of two words, "concur." At the time it was thought that he could do so. Senator Dick doesn't have many opportunities to concur as he is so busy, and the situation is hardly interesting. We are given to understand that Senator Dick is going to put on a fight against elimination next year. This is still more interesting. It depends on the kind of primary system up by the state republican party. If they put on new spruce, it will be used in motion in the case of Senator Foraker. It is not Dick might as well concur as not.

Why We Watch Washington. One reason why Ohio people so closely watch the sleight-of-hand performance at Washington where the tariff is being revised up and down is "friends," is that this performance will have two sequelae, the congressional election next year and the presidential election in 1912. Ohio expects to have a large increase in interest in both the congressional election, which would not be a part of it. The number of democratic members of congress from Ohio ought to be materially increased, and will be. To accomplish this will not interfere in the least with the election of the whole state democratic ticket and a democratic legislature that will work in harmony with Governor Harmon.

Must Attend to Business. So many invitations to attend and speak at public gatherings of all kinds are pouring in upon Governor Harmon that he sincerely regrets the necessity of declining so many of them. If he were to accept all he would be doing nothing but traveling about the state "having a good time."

Still Another There. Morning Atlantic Turkey, May 13.—The American cruiser North Carolina arrived here today from Guantanamo Bay. She comes for the protection of American interests.

Decided to Stay With Standard Oil Company. Tilton, Ill., May 14.—This town's business is at a standstill because of the illness of J. M. Danahy and Harry Hammond, members of its board of affairs, have had to choose between resigning public office or their positions as employees of the Standard Oil Company and have decided to stay with the oil company. The company informed its employees that they must have no part in public administrative business. Tilton's board of affairs is now without a quorum.

RELAPSE RUMOR WAS UNFOUNDED.

London, May 14.—Austin Chamberlain declared today that there was no truth in the rumors current in the lobbies of the house of commons last night that Joseph Chamberlain, his father, had suffered a relapse.

FIVE THOUSAND BOWED AT SHRINE.

Upper Sandusky, O., May 14.—All records were broken in point of attendance at the celebration of patron's feast at "Our Lady of Consolation" church at Carey, yesterday, that being the annual pilgrimage day. Over 5,000 pilgrims from all parts of the country were present.

ONE CHICAGO FIRM DROPPED SIX MILLION PIECES OF MAIL INTO THE POSTOFFICE.

Postage Bill WAS \$60,000.00.

Matter Weighed 125 Tons and Filled Sixty Postal Cars.

Chicago, May 14.—The Chicago postoffice has just handled a record for mail handled at one time, from one source, according to James N. McArthur, superintendent of the central station. "The Chicago office has just handled 6,000,000 pieces of stamped mail from one Chicago firm," said Mr. McArthur. "This represented an expense of \$60,000 to the firm in postage alone. The matter was handled under the cancelled stamp arrangement by means of which a firm buys stamps already cancelled so as to save that work being done at the postoffice. "The mailed matter weighed 125 tons and filled sixty cars. I understand that this is a world's postoffice record. Within the last year the receipts from the Chicago postoffice were \$14,000,000 and the expense \$5,000,000."

ITALY CATCHES ARMAMENT FEVER.

Rome, May 14.—The Minister of Marine Miraballo, has obtained the approval of the cabinet to a naval programme that provides for the construction within three years at a total expense of \$52,800,000 of four Dreadnoughts and several fast scout cruisers. A local paper says the decision to build these vessels was reached after Italy had learned that Austria-Hungary was going to spend \$40,000,000 on increased naval powers.

PIERCE READY TO GIVE BOND.

St. Louis, May 14.—H. Clay Pierce, chairman of the board of directors of the Waters-Pierce Oil Company arrived here today from New York and left later for Austin, Texas. He expects to reach the latter city Monday and will then give bond under new indictments brought against him as substitutes for the old charges of false swearing for which he is now under bonds. The new indictments supposedly correct the defects in the original documents.

SHERMAN FELL BADLY COMING IN.

Washington, May 14.—The big surprise of the day in golfing tournament was the elimination of T. M. Sherman, the winner of the qualification cup yesterday. He met defeat at the hands of Allan Lard Chevy Chase 2 up and 1 to play. Mr. Sherman had easy going out, being 3 up when they left the sixth hole. Up to that time Mr. Lard had failed to win a hole. In driving for the seventh Mr. Sherman went far to the left while on the eighth Mr. Lard beat bogle two strokes by making two splendid drives. At the turn Mr. Sherman was one up. From that time fortune smiled on Mr. Lard, while it frowned on the New York golfer. Mr. Sherman's metal score for the round was 76 and L. Lard's 74. W. J. Travis, former champion of the United States won his match with W. Tuckerman, of Chevy Chase five up, and four to play.

MOST IMPORTANT DAY OF SESSION.

Pittsburg, May 14.—With the reports of the various officers and committees the election of officers, conferences of the Young Men's Christian Association delegates and state and municipal representatives and a great May celebration at Schenley park of the fourth and last day's session of the third annual congress of the play ground association of America promised to be most important ones held. The slight rain and cloudy conditions threatened for a time to mar the play festival and May celebration scheduled for this afternoon. Later, however, the sun shone. Over 18,000 school children are expected to take part in the exercises in Schenley park today. Committees have been at work for months to make this festival perfect in every detail and a model for similar outdoor festivals in other cities. An orchestra will render the music for the folk dances.

DETERMINED TO ELEVATE WAGES.

Philadelphia, Pa., May 14.—Four hundred elevator constructors went on strike in this city today for shorter hours. The workers demanded a half holiday on Saturdays thus making the week consist of 44 hours instead of 48 as at present.

SULTAN'S CASE FOR ARMY BILLS.

Constantinople, May 14.—The minister of finance has decided that the cash found in the imperial palace of Yildiz, the former residence of Abdul Hamid shall be used in paying the expense of mobilization of the First and Second army corps and the march on Constantinople to restore constitutional rights. About \$8,000,000 was found.

FOUR MEMBERS OF CREW DEAD.

Strasbourg, May 14.—A bad railroad accident occurred last night at Perlshelm, near Colmar. An express train from Basle to Colmar ran into a freight train that had been derailed on account of the explosion of the locomotive boiler. Four members of the crew and one passenger were killed and twelve passengers were wounded. The wreckage took fire and the passenger train was completely burned out.

HIS KINDNESS COST HIM HAT.

New York, May 14.—When Mrs. Harriet Stanton Blitch had finished her suffrage address to a crowd in Madison Square last night two men responding to her plea, loaned their hats to be passed among the listeners for contributions to the cause. One hat came back containing \$1.83 in money and a quantity of junk including trading stamps, cigarette coupons and nails. While the other hat was being passed some one retained it and disappeared. The owner, in a loud voice threatened to sue the suffragettes as they disappeared in their automobile.

OUTLINE OF GRAVE

In Cellar Disclosed Murder That Was Committed Last November.

GENERAL MEANS, OF ZANESVILLE, Severed His Jugular With Razor.

Zanesville, O., May 14.—"General" Means, a colored man, employed at the Townsend brick yards, was arrested this morning for the murder of his wife. Going to an upstairs room, of his home on Harvey street, accompanied by an officer, for the alleged purpose of changing his clothing, Means, who was 40 years of age, cut his throat with a razor and drew within five minutes. Eugene Taylor, white, owner of the property, was making some improvements in the cellar this morning when he saw the outline of a grave in the cellar dirt. The police investigated and exhumed the body of Mrs. Means, who disappeared last November. She was a northern negro, 22 years of age, and it was supposed at the time of her disappearance that she had skipped out. Since her disappearance Means and another colored man had been living together and taking care of the two Means children.

STATE WARDEN GATHERS COIN.

Columbus, O., May 14.—In the two years since he was made state warden, General John C. Speaks has collected fines aggregating over \$11,000 for violation of the fish and game laws of the state. Under the new system that he has inaugurated all fines collected are paid directly to him and by him turned into the state treasury, and the deputy wardens are paid just as the other officers of the commission are, by warrant on the treasury. At the quarters of the commission in the Hayden building here, General Speaks has a room full of traps, nets and other illegal devices for taking fish and game, that have been confiscated since he assumed charge of the commission's work.

SPEAKS RIGHT

OUT TO HIS FELLOW SENATORS DOES SCOTT.

Tells Them They Must Get Through With Their Wind Jamming

SO BUSINESS OF THE COUNTRY

Can Get Upa Settled and Healthy Basis Once More.

Beveridge Would Get Revenue from Tobacco and Products.

Washington, May 14.—Asking that an interview with James J. Hill be referred to the Senate immediately after that body adjourns today, Senator Scott endorsed its advice to congress that oratory be suspended and that congress proceed to pass the tariff bill. "This," said Mr. Scott, "is in line with letters I am receiving begging and praying that these gentlemen, (referring to the tariff writers) get through with their wind jamming and let the country go ahead with its business."

Senator Beveridge spoke in support of an amendment offered by him relative to the tobacco revenue tax on tobacco and products. Contending that the government has lost \$125,000,000 in the last eight years through the repeal of the wine tax of 1890, Mr. Beveridge undertook by his amendment to increase the present rate of internal revenue taxes on tobacco, snuff, cigarettes and cigars more than ten cents. Mr. Beveridge declared that the tobacco trust, which he said was the American Tobacco Company, had derived great benefit from the enormous loss of revenue which, he said, was due to the law repealing the increased rate of 1890. He declared that his amendment would not affect the revenue of the country, because, he said, it does not enhance the tax on any cigars except those which sell for ten cents or more. His amendment increases the present tax of six cents a pound on snuff to twelve cents a pound. On smoking and chewing tobacco the rate is increased from six cents a pound to nine cents. On cigarettes the proposed rate is \$1.50 a thousand and on those selling at wholesale from \$2 to \$4 per thousand. On those selling from \$4 to \$8 per thousand the tax proposed is \$2 per thousand and on cigarettes selling at over \$8 a thousand the tax is increased from \$1.08 to \$4.50 per thousand. On cigarettes selling under \$2 a thousand, the present tax is fifty-four cents a thousand, and the war rate of \$1.50 per thousand is restored. A graduated scale is proposed for the tax on cigars. For those retailing at three for a quarter or ten cents straight the amendment increases the tax from \$3 a thousand to \$4.05 upon those selling for two for a quarter to fifteen cents straight, it increases the tax from \$3 to \$6 a thousand and upon those retailing at twenty cents and more it increases the tax from \$3 to \$9 a thousand.

At a joint meeting of the Outdoor Art League and the City Garden's committee, it was decided to have a bungalow erected at the garden tract at once. In this building will be several sleeping rooms and a store room for tools and other apparatus. If the plan proves successful this season the tract probably will be expanded to include several hundred acres next year, members of the district having agreed to place land holdings they control in the vicinity at the disposal of the society.

PREACHER WANTS AN EARLY TRIAL.

Canton, Ohio, May 14.—The Rev. Francis Carruthers, pastor of the New Waterford Presbyterian church, yesterday asked the Mahoning Presbytery to appoint a commission to investigate the report that he was under the influence of drink in Youngstown. The Rev. Mr. Carruthers attended the sessions of the Presbytery yesterday to meet whatever charges that might be made against him, but no action was divolved. The Presbytery ordained Edwin B. Townsend, who was called to the Calvary Presbyterian church here as pastor.

THEIR SKIFF WENT OVER DAM.

Charleston, W. Va., May 14.—Miss Edith Ault, aged 17 years, and Miss Casebolt, aged 14, were drowned at Hausford, last evening when their skiff went over the government dam.

KANSAS GETS GOOD RAINFALL.

Kansas City, Mo., May 14.—Rain again tell over the greater portion of Kansas last night the precipitation ranging from three-tenths of an inch in the western part of the state, up to an inch and a half in the central counties, where, it is said, wheat will be greatly benefited.

SPEED RECORD IN TYPEWRITING.

Kansas City, Mo., May 14.—A new speed record in typewriting was made here last night by E. A. Trefesger, of New York, when he wrote an average of 109 words from copy each minute for fifteen minutes. Trefesger was second in the international contest recently when Rose L. Fritz won the hour contest.

AGED OHIO MAN GIVEN LIBERTY.

St. Madison, Iowa, May 14.—James R. Saunders, alias Wm. B. Glyndon, 71 years old, was released from the penitentiary here today by pardon of the Governor after serving 21 years for the alleged murder of a fourteen-year-old girl in Grundy County.

He was a sharpshooter in an Ohio regiment in the Civil War and was granted a soldier's pension since his incarceration, during which time he has saved \$1,800. He came of a prominent Eastern Ohio family and has all these years hidden his family name. He expects soon to go to Ohio to look up his relatives.

CERTAINLY HE IS AN AMERICAN.

London, May 14.—Captain F. S. Cody, whose failures in his experimental aeroplane work for the British army have become a standing joke in the London newspapers, now seems to at least have achieved success. In the presence of the Prince of Wales he flew for nearly a mile at Aldershot today. Captain Cody is an American.

CANNOT DRAW THE COLOR LINE.

New York, May 14.—The supreme court here has decided that the proprietors of "sightseeing" automobiles in this state may not draw the color line among their passengers and that any attempt to establish the "Jim Crow" idea in public conveyances of this character is illegal. The court granted damages of \$100 to Estelle Green, a negro woman who was refused a seat on one of the cars operated by a local tourist company.

STRIKE GROWS LESS EACH DAY.

Paris, May 14.—Instead of showing an increase this morning the number of striking postal employees in the city seems to have diminished. The leaders of the strike, however, still talk desperately of unexpected developments, including the declaration of a general strike by the general federation of labor. On the other hand the authorities, with the endorsement of the chamber of deputies behind them insist that the movement will collapse totally in a few days without recourse to the elaborate reserve arrangements have been perfected. At Lyons, Toulouse, Marseilles and some other places the strikers today abandoned the struggle and returned to their posts. The strikers meeting held this afternoon brought out an attendance of only 3,000 persons. The strike leaders who feel that the game is lost, delivered highly inflammatory speeches, charging that the police and military precautions taken by the government proved that it was intended to drown the movement in blood. They therefore were in favor of a direct appeal to the workmen's union for co-operation.

DIVIDED INTO MINIATURE FARMS

And If Successful Plan is to be Enlarged Next Year.

BANK CLEARINGS GETTING BIGGER.

New York, May 14.—Dun's Review tomorrow will say: Bank clearings for the first half of May are larger than for any corresponding month this year except January, when annual payments always swell settlements through the banks. Total bank exchanges this week at the leading cities in the United States are \$2,903,501,587, a 20.0 percent larger than last year and 6.7 percent in excess of the corresponding week of 1906. Losses at iron centers and some ports at the south still reduce the volume of clearings somewhat, but most other cities report an increase, and at some of them especially in the west, the gain is very large.

TUCKER ALWAYS UNDER INFLUENCE.

Chicago, May 14.—The deposition of Mrs. N. B. Payne concerning the habits and disposition of Col. M. F. Tucker, U. S. A., retired, who is sued for separate maintenance by his wife, Mrs. Dollie Logan Tucker, daughter of Gen. John A. Logan, is made public. Mrs. Payne is a cousin of Mrs. Tucker and lived with the family in St. Paul from October, 1897, until March, 1898, and on other occasions. In her deposition, which was taken at the office of Robert Routh, 70 Church street, New York, on May 13, she says: "The relations of Colonel and Mrs. Tucker toward each other in their daily life in 1898 were not amiable. Mrs. Tucker was very unhappy because of Col. Tucker's drinking and irritable disposition. He was always under the influence of liquor. When the body of their son George was brought home from the Philippines, Col. Tucker was intoxicated. He drank all the time that the body lay in the house."

Cincinnati Girl Enters a Complete Denial of Mistreatment BY AN OFFICIAL OF INSTITUTION

As Charged by the Music Teacher Who Resigned Last Tuesday.

Girl Told Her Story to the Governor Today.—Likely to be Dropped.

Columbus, O., May 14.—The alleged scandal at the Girl's Industrial Home at Delaware had dwindled down to the proportions of a tempest in a teapot. Frankie Simmons, the 18-year-old Cincinnati girl, in a signed statement denies the charge made to Governor Harmon by Lydia Falkenbach, of Columbus, who resigned as music teacher at the institution last Saturday, that she had been mistreated by an official of the home. Pursuant to a call from the governor, the board of trustees of the institution came to Columbus today to probe the charges but in light of the statement of the girl that they are without foundation it is not likely any action will be taken. Superintendent T. F. Dye and his wife brought the girl to Columbus today and she saw the governor and told him her story. Her statement denying the charges alleged that she had been ill-treated was given out by Superintendent Dye. He said that the statement had not been obtained under duress but that the girl had asked for a pen and of her own free will had written it out in the presence of several witnesses. The statement exonerates Superintendent and Mrs. Dye from the charges.

HISGEN QUITS THE HEARST GAME.

Boston, May 14.—The resignation of Mr. H. H. Hisgen, according to a statement given out at the Boston headquarters of the Democratic state committee, a candidate for the United States senate against Senator Lodge. Mr. Hisgen, who was the presidential candidate of the Independence league in 1902, explaining his attitude with the further announcement that with the withdrawal of the financial support of William R. Hearst from the Independence party that organization has now ceased to exist. Mr. Hisgen does not announce that he is a Democrat. He leaves it to be inferred that he means to wage his fight against Senator Lodge, whose present term expires in 1911, on his own platform, which he has outlined in a public statement.

EIGHTEEN WERE SENT INTO EXILE.

Moscow, May 14.—The trial of the members of the local social-democratic organization came to an end here today. Eighteen of the prisoners were sentenced to exile in Siberia and twenty others are to be imprisoned in a fortress for terms varying from one to three and a half years.

KILLED WHILE STEALING EGGS.

Philadelphia, Pa., May 14.—Caught in the act of stealing eggs from a car in the Adams express warehouse today, Fred Zimmerman, a yard brakeman, was shot and killed by detectives as he was trying to escape. The detectives claim that they did not try to injure the man but fired into the air to make him Zimmerman halt and then shot at the ground. A bullet struck rail, glanced up and entered the brakeman's body causing death. The detectives were arrested, Thomas McCoughly being charged with the shooting and Walter Petty held as a witness. Zimmerman had been in the employ of the Pennsylvania railroad for twenty years.

HIGHWAY IMPROVERS.

Richmond, Va., May 14.—The first convention of the International League for Highway Improvement began here today and will continue tomorrow. Mayor Richardson made the welcoming address and Governor Swann, Secretary of Agriculture Wilson, and a number of others will make addresses. The convention is expected to be an important one in shaping the policy of the league for international roads as well as national state roads.

HISGEN QUITS THE HEARST GAME.

Boston, May 14.—The resignation of Mr. H. H. Hisgen, according to a statement given out at the Boston headquarters of the Democratic state committee, a candidate for the United States senate against Senator Lodge. Mr. Hisgen, who was the presidential candidate of the Independence league in 1902, explaining his attitude with the further announcement that with the withdrawal of the financial support of William R. Hearst from the Independence party that organization has now ceased to exist. Mr. Hisgen does not announce that he is a Democrat. He leaves it to be inferred that he means to wage his fight against Senator Lodge, whose present term expires in 1911, on his own platform, which he has outlined in a public statement.

EIGHTEEN WERE SENT INTO EXILE.

Moscow, May 14.—The trial of the members of the local social-democratic organization came to an end here today. Eighteen of the prisoners were sentenced to exile in Siberia and twenty others are to be imprisoned in a fortress for terms varying from one to three and a half years.

KILLED WHILE STEALING EGGS.

Philadelphia, Pa., May 14.—Caught in the act of stealing eggs from a car in the Adams express warehouse today, Fred Zimmerman, a yard brakeman, was shot and killed by detectives as he was trying to escape. The detectives claim that they did not try to injure the man but fired into the air to make him Zimmerman halt and then shot at the ground. A bullet struck rail, glanced up and entered the brakeman's body causing death. The detectives were arrested, Thomas McCoughly being charged with the shooting and Walter Petty held as a witness. Zimmerman had been in the employ of the Pennsylvania railroad for twenty years.

HIGHWAY IMPROVERS.

Richmond, Va., May 14.—The first convention of the International League for Highway Improvement began here today and will continue tomorrow. Mayor Richardson made the welcoming address and Governor Swann, Secretary of Agriculture Wilson, and a number of others will make addresses. The convention is expected to be an important one in shaping the policy of the league for international roads as well as national state roads.

A HEAVY CHARGE AGAINST CASTRO. Castro is not now in evidence. He has passed from the scene, it is to be hoped forever, and there is a new regime in Venezuela. It will be interesting to ascertain, if this fugitive's tale is true, how the Venezuelan government explains the continued detention of the Americans, upon what charges they were incarcerated and how they were prevented from communication with their minister or his proxy. They may have been borne upon the prison register as insurgents or filibusters. Castro had a way of reaching all things quite as extraordinary and contradictory to international law, and considering his violent hatred of the United States and all its people, he may be regarded as at least potentially guilty in this instance. Act II—A room in Portia's house. Act III—Shylock's house and yard. Act IV—A room in Portia's house. Act V—Scene 1—A foot ball field. Scene 2—Court room.

If you are inclined to be pessimistic and sore at the world, go hear and see "The Merchant of Venice Up-to-Date." It is a sure cure for the blues. It is such a travesty on Shakespeare that it may make that worthy turn over in his grave, but it entertains; it gives the theatergoer two hours of such absurd foolishness that dull care is driven into the farthest recesses of the planet and everybody, young and old, give themselves up to the enjoyment of the moment.

The young people did well. The fact is they did much better than high school pupils usually do, as they were less self-conscious than they would otherwise have been. The character of the production was radically different from the others which have preceded it. The difficulty of presenting real Shakespearean play by high school pupils was found to be great, and the tragedy of the moment was offtimes offset by some situation which so appealed to the risibles of the fellow pupils that the acting, however fine, was wholly lost.

The presentation of "The Rivals" and of "She Stoops to Conquer" demonstrated the fact that the young people were more at home in that character of plays, which were also more popularly received. The one of last night, however, goes beyond the two mentioned. It is a farce, pure and simple. It has no moral, does not pretend to have any. It is a jumble of Shakespearean quotations quickly turned into a metaphor of the foot ball field or the slang of the school room. The actors are perfectly at home, and in consequence their action is not crude or forced.

The scene of act second is especially pretty and real, and the two young girls busied with their embroidery and at the same time discussing interestingly the matrimonial affairs of the one, makes the prettiest part of the entire farce.

Waldo Rose as Launcelot, made a decided hit with his audience, and played the part of a clown to perfection. He was bold, dashing, and impudent, and carried out a rather difficult role with great credit. Charles Aplas as Antonio, Calvin Selfridge as Bassanio, and Lewis Matthews as Gratiano, were perhaps before the audience more than any others, and made good in their respective parts. The combination of boyish dread of Latin examinations and wholesome fear of the preceptor with the real hopes and fears of the real Antonio that the situation were made more laughable when mentally brought into contrast with the original.

Altogether, boys and girls, they were splendid, and they had a good crowd to play before, which urged them on by appreciative attention and burst of applause where it was merited. It is probable that the impersonations will be even better to night as they have now been before a large audience and have become accustomed to their respective roles. Miss Fulton and Miss Reilly, the directors and critics of the farce, have given much of their time and energies toward making it a good one, and they are to be congratulated upon the results.

SURE CATARRH CURE

Reclaim the Powers of Vision and Nourishment to Your Member. Germs cannot live when Hyomei (pronounced High-mey) is used. You just breathe in this soothing yet most powerful antiseptic air and relief is instantaneous. It is exactly the same air as you would breathe in the forests of pine and eucalyptus of Australia where catarrh or consumption was never known to exist. If you have catarrh and are constantly embarrassed because you must hawk, spit and shuffle, surely you will give Hyomei the attention it deserves when Wm. M. Melville will guarantee this pleasant remedy to cure all this distress and humiliation or will return your money. Hyomei kills catarrh germs, it relieves the soreness and distress in five minutes. It stops hawking and sneezing and makes you feel like a new man in a week. It is the surest and most satisfactory catarrh treatment known and gives comfort and relief to consumptives. A complete outfit, including inhaler, costs but \$1.00, and extra bottles, if afterward needed, cost but 50c. A few minutes' time each day is all you need to quickly cure the most chronic case. Hyomei is sold by leading druggists.

amateur efforts of the property man and his assistants. They deserve a good audience again for this evening, and the sight of Shylock's gray beard and shambling gait; Miss Abbie Threddee's nervous curls, and sharp pointed sentences; Mrs. Gobbo's bewilderment at the antics of her son and the spoiled petulance of Jessica are all well worth seeing in addition to the work of Portia and Nerissa, who are as sweet and natural as possible. The minor characters fit in nicely and help to make up a cast of characters that work together harmoniously and give an effective finish.

Between acts and prior to the raising of the curtain the high school orchestra gave some excellent numbers. This musical organization seems to be used to appearing before the public, and acquitted themselves most creditably. The orchestra is made up of Misses Lucile Ford and Lura Bateson and Messrs. Emmett Long, Ralph Monson, Lee Corwin, Adolph Weinfeld and Carl Ischam. Charles Callahan was property man and Calvin Selfridge business manager for the production.

Chamberlain's Liniment.

This is a new preparation and a good one. It is especially valuable as a cure for chronic and muscular rheumatism, and for the relief from pain which it affords in acute inflammation. Those who have used it have invariably spoken of it in the highest terms of praise. Lame back, lame shoulder and stiff neck are due to rheumatism of the muscles, usually brought on by exposure to cold or damp, and are quickly cured by applying this liniment freely and massaging the affected parts. Soreness of the muscles, whether induced by violent exercise or injury, is allaying by this liniment. For sale by all druggists.

WOMEN TOSS HIM INTO DOUGH.

New York, May 14.—Max Alheim, a baker, of East New York, who did not close his bakery when the bakers recently went out on strike, was dragged from his bed today by strike sympathizers and thrown into a vat of dough in the basement of his establishment. At first however, he was so badly beaten that his removal to a hospital was necessary. The women raiders meanwhile attacked Mrs. Alheim and threw full fists of dough upon her. The police dispersed the raiders and arrested two of them.

DOING EUROPE.

Once when the present writer was journeying in Naples on one of the electric trans which skirt the rim of the bay he heard the voice of an American lady pronouncing what he took to be a glowing eulogy of that inspiring sight. "I've traveled nearly all over," said the voice, "but I've never seen anywhere (a pause) any electric cars to compare with ours in Seattle." It was not quite the expected climax, but Seattle is certainly a surprising place.—London Post.

DERMATOLOGICAL NOTE.

"What is the best way to treat wrinkles?" "Set 'em up to the skin room."

RECENT EXPERIMENTS IN THERAPEUTICS.

Wonderful are some of the latest adaptations of scientific discovery to the art of healing the sick. Conservatism will admit that the new processes and experiments in medicine and surgery are in the experimental stage, and this is true. But the science of treating disease has been developed by experiment. Experimenters are sometimes daring, but without experiment there can be no progress.—Milwaukee Evening Wisconsin.

PRaise FOR THE SAILORS.

The statement attributed to a navy chaplain, speaking at the annual dinner of the Methodist church in this city, that the men in Admiral Sperry's fleet departed themselves as creditably as an equal number of college men would have done is less surprising than the apparent feeling that such a statement is necessary. It ought to be assumed that the enlisted men on American ships are a fair average of the country's citizenship, under conditions not always conducive to high living manners, and the burden of proof should be on those who consider it good form to look upon the navy as a school for young gentlemen whose tendencies are such that they stand in need of restraint.

While such a suggestion might not to have been necessary, the statement made by Chaplain Clayton may serve a good purpose. Instead of the morale of the men being a subject for constant criticism and more disgraceful innuendo, there should be a frank willingness on the part of the people to bestow upon this efficient branch of the government service the large and full amount of credit due to it. New York Tribune.

SUCCESS.

Success is like a wary fish. Down in the waters deep; He waves his fins and blinks his eyes. An' 'pears to be asleep. You drop your hook, all baited now; Down where you see him lay; An' you feel him on the nose. He's apt to back away. Ol' fish "Success" is purty shy. Won't gobble up your bait At first, but you light up your pipe. An' settle down an' wait. You stick right there, a-hold the line. Till he gets weak and thin; Bimeby he'll swallow hook an' all. An' you can pull him in. —Boston Herald

"I TOLD YOU SO" CROWD MAKE STRONG CLAIMS

"Oh Gee! Just look who's won! Well, did you ever? And just what a thing was going along in the campaign way that all real nice people contests go, along came a great bunch of surprises to disconcert the even tenor of things and upset the calculations of a vast number of people who, from the lists, had, after long and careful study, picked out the winners in each of the contests."

This voting cyclone of yesterday, 1,752 votes, true to our prediction of a few days past, comes from candidates lower down on the lists, who voted merely to show their opponents that they could vote heavy if they wanted to. Among some of those who came to know whereof they speak the leaders of the past have been drawing very heavily upon their strength to keep the leading positions, while of course, being two votes in everything, there are others who say that such a claim is foolish. For the past few days the "I told you so" crowd have been very much annoyed and naturally, they are now doing everything in sight for their candidates. And some war being made, by those "I told you so" people. Dame Rumor, who is always in evidence in a contest of this kind, has it that there are some very big amounts laid on the results, so certain are the "Contest prophets" of the ultimate results of their "favorites' candidacy. Nevertheless, we would advise the greatest caution on the part of the voters in placing money on the results, which, in one district, we believe will be very close, and owing to probability of some great surprise developing at the eleventh hour in two other districts, one in the city, and the other out in the country.

We wish at this time to again warn all of the candidates of great danger to their "confidence." Too many souls have been lost and all the efforts of the candidates gone for naught just at this time in the contest when victory seems so certain! It is well to bear in mind the old axiom that "There's many a slip 'twixt the beginning and the end." Don't have your five weeks' effort for nothing, and while it is impossible to all of the contestants to win, four are sure to win. To the candidates we would say, "Just make up your mind to win and win. To the friends and co-workers of the candidates we would say, "Support them,

work for them, and by all means do not let your little lady favorite lose." You can make her a winner without spending one penny with the exception of that for which we guarantee you "value received."

SOME EXCITING RACES
The Magnificent Wallace Shows Are Featuring, as in Former Years.

During the history of the great Wallace shows, that enterprise was noted for putting on the most intensely realistic racing in its hippodrome contests that were ever witnessed under canvas. B. E. Wallace, referred to as intimate friends as "the Hoosier showman," was always fond of fine horses and especially those of the speed ring. Every horse of the four hundred used by these shows is purchased personally by Mr. Wallace, most of them being bought on the horse markets of the big cities or in Missouri, Kentucky or Iowa.

When the Carl Hagenbeck trained animal shows were combined with the great Wallace show, it was feared that it might be necessary to shorten the circus program on account of the many acts given by the wild beasts. When it was suggested that the hippodrome races be cut out, Mr. Wallace was up in arms. To him that is the best part of his show, and since he has taken an interest in the racing contests and puts on the hippodrome in a manner that distinguishes the races from other shows, Mr. Wallace said the hippodrome would not only be continued, but he would have even better racing than heretofore. By a great deal of two performances has been secured without losing any feature. By means of cash prizes to the riders, and gentleman winners the most of the races during the week the show has caused a real rivalry to exist between the contestants, and though the racing is good-natured yet it is always for blood and testing the nerve and ingenuity of the riders and the speed of the horses to the entire satisfaction of the spectators. "Oh, come, let us go before the racing begins," is a remark frequently heard at circuses, but the knowing ones never make such a suggestion when attending the exhibitor of the Hagenbeck-Wallace combined shows, which will be in this city for one day, Friday, May 21st.

ADVOCATES OF PEACE.

Next week Chicago will entertain the second national peace congress in the United States, the first having been held two years ago. The purpose of the previous convention was to influence the second conference at The Hague. The next Hague conference is far off; nevertheless it is doubtless the purpose to frame representations designed to influence that body also. The importance of these gatherings is not to be gainsaid, for while the system of universal and permanent peace which they aim to bring about remains far from realization, they have already accomplished much towards laying its foundations. A long series of treaties of arbitration is due to the demands of international peace congresses and to the persistent propaganda of the peace societies. The Hague tribunal itself is a standing proof of the force of the movement in which the conferences of the associations are an incident. It is a pet idea of the associations to secure international recognition for an advisory congress, the powers of which shall be gradually broadened until they render possible the realization of the world's peace project. This presupposes a species of duplication of the work of The Hague tribunal. It is evident, however, that the latter as long as it remains subject to diplomatic guidance cannot be made thoroughly efficient, and hence from the viewpoint of the peace advocates, the creation of a more effective agency is indispensable. No doubt this design will be strongly urged at Chicago, and by reason of its extraordinary scope it should inspire the most profound interest.—Pittsburgh Chronicle-Telegraph

MARY E. STONER.

Mary E. Stoner, nee Beemer, was born in Monroe township, Allen county, Feb. 8, 1862, a daughter of Mr. Mrs. S. Beemer. She spent her childhood days with her parents on the old homestead. In about the 18th year of her life she was baptized and became a member of the Brethren church.

On the 15th day of December, 1880 the departed entered the holy bonds of matrimony with Mr. Jacob Stoner. She proved herself to be a faithful and dutiful wife and a loving mother. The Lord blessed this union with nine children who are all alive and present here today. As a neighbor, she was courteous, always willing and ready to help in times of need. She was kind and loved by every one. This community has sustained a great loss.

A little more than a week ago she complained of feeling ill and soon took to her bed from which she never arose. Blood poisoning set in and in a few days the dissolution of the soul from the body took place. Thus on last Monday evening at about 6 o'clock her soul took its flight to the spirit world. Her life in this vale of tears was of short duration. Her life continued for 47 years, 2 months and 2 days. She leaves to mourn her early and unexpected departure, her sorrowing husband, two sons, seven daughters, her aged mother, one sister and four brothers and many other relatives and friends.

Funeral services were held at one o'clock at the home on Wednesday, May 12. Interment following at Rockport. Rev. D. F. Schultz officiating.

This is a more dangerous disease than is generally presumed. It will be a surprise to many to learn that more deaths result from it than from scarlet fever. Pneumonia often results from it. Chamberlain's Cough Remedy has been used in many epidemics of whooping cough, and always with the best results. Delbert McKelg, of Indian, Iowa, says of it: "My boy took whooping cough when nine months old. He had it in the winter. I got a bottle of Chamberlain's Cough Remedy which proved good. I cannot recommend it too highly." For sale by all druggists.

WEATHER—THUNDERSTORMS.

Washington, May 14.—Ohio:
Showers and probably thunderstorms
tonight and Saturday; cooler in north
portion.

Time to "turn the corner" of the
"recent panic" again.

The kind of a legislature we have
now is a good example of the kind
not to elect next year.

There are victims as well as
"friends" of the tariff. The victims
are those who vote to let the
"friends" do the revising.

When Foraker bolted he was
eliminated. But when Burton bolts
—not that we care, but merely to
note the difference.

If Boss Brown, Boss Guilbert and
Boss Cox fix up the same kind of
primaries next year for Dick they
worked to eliminate Foraker last
year, Dick might as well concur
now.

The speediest way to bring about
practical taxation reform would be
to drive the boss-serving majority of
the present legislature to the woods
and elect a legislature that will act
on the sensible suggestions of our
sensible governor.

GUESSING GAME FOR VICTIMS.

Nothing is actually gained by the
tariff debate in the senate except to
keep the wires aizzling with "stuff"
for the newspapers and to fill the
Congressional Record with speeches
for campaign distribution.

The g. o. p. senators from the
west are playing the same game Mr.
Taft played during his campaign trip
through the west and the stand-
patters of the east put their own
construction on that one remarkable
sentence in so many of Mr. Taft's
campaign speeches to the effect that
some schedules should be revised
downward and others upward. No
really going on call it "sham re-
vision."

When the Payne bill passed the
house it was fully explained that it
was not the real thing. No more
is the Aldrich revision of the Payne
bill. Work on the real tariff bill
will begin when the two shams go
to a conference committee.

Nobody except the "friends of the
tariff" know what the final provi-
sions of the bill will be, but victims
of the tariff can safely guess.

NEW YORK ACTRESS

Parisian Sage Made Her Hair Grow
Two Inches in Seven Months.

Of all the women in the world, an
actress most ardently desires beau-
tiful and luxuriant hair. And when
her hair begins to fall out she be-
comes anxious, and intelligently
looks for a preparation that will stop
the havoc, grow new hair, and give
life and beauty to the old.

Joan Sawyer, a clever, handsome
actress, has this to say of Parisian
Sage:

"To whom it may concern: Have
tried most every hair tonic available,
and at last Parisian Sage was recom-
mended to me, and, as a last re-
course, used it to my entire satisfac-
tion. My hair has stopped falling,
dandruff stopped, and my hair has
grown two inches in the last seven
months. It is the best and only sure
cure for thin and short hair I know."
—Joan Sawyer, 9 East 98th street,
New York City.

Parisian Sage is the scientific hair
restorer that has created such a sen-
sation since its introduction into
America about two years ago. It is
such a quick-acting prescription that
every agent who sells it will guaran-
tee it to cure dandruff, stop falling
hair, splitting hair, and itching scalp
in two weeks, or money back.

It is the most delightful hair
dressing in the world, and is highly
praised by society women and ac-
tresses who have luxuriant and glori-
ous hair.

It will turn harsh, lusterless hair
into soft, silky and luxuriant hair in
a few days.
Hunter Brown is the agent for Pa-
risian Sage in Lima and they sell it
for 50 cents a large bottle, the large-
est bottle for the price on the market.

THE IDLER.

Nobody will fully appreciate the
necessity of the tariff until the tariff
is removed.

home, and happiness reigns supreme
in both.

It is about time for Col. Watterson
to turn his vitriol batteries on Presi-

Dayton's board of health has pass-
ed a resolution which forbids the
selling of ice cream cones by ped-
dlars on the streets. The local board
should immediately take this matter
up. This action is being taken in
nearly every city in the country for
the protection of the health of the
children, and the old folks, too, who
are fools enough to buy the stuff.
Some of it may be pure, but more is
bad, and there is no way of making a
distinction.

A New York automobilist has hit
upon a cure for "joy riding" by
chaffing those who make swanks from
garages with their employers' ve-
hicles. It is a double gasoline tank
that can be locked by the owner when
the machine is in the garage. This
leaves only a small supply of gaso-
line available, not enough for a "joy
ride" of any length. The New York
automobilist's contrivance will
undoubtedly win general adoption.

WORK PROGRESSING

Brick Work Started on the
Pavillions and Corridors
at Hospital.

COMMISSION WILL
MEET MONDAY

To Inspect the Work and
Allow Bills Which
Have Accumulated.

Work at the new Lima State hos-
pital is progressing rapidly, since the
awarding of the last contracts by the
commission. The concrete work has
been completed on the three pavil-
lions and two connecting corridors,
for which contracts were let April
15, and the brick work is nearly com-
pleted on the north pavilion.

Excavation has begun for the do-
mestic group, but is progressing
slowly owing to the scarcity of teams.
The hospital commission will meet
here Monday for the purpose of al-
lowing bills that have accumulated
and to inspect the work in progress.
The contractors are to be congrat-
ulated upon the manner in which
they have rushed the work, and the
commission upon the excellent man-
agement they have given.

Biliousness and Constipation.
For years I was troubled with
biliousness and constipation, which
made life miserable for me. My ap-

should have been today had I not
tried Chamberlain's Stomach and

the ill feeling at once, strengthen the
digestive functions, purify the stom-
ach, liver and blood, helping the sys-
tem to do its work naturally. —Mrs.

tablets are for sale by all druggists.

Entertained Their Friends
With Pedro Party.

The Catholic Order of Foresters,
No. 1551 gave a most successful pro-
gressive pedro party last night at St.
Johns hall. A committee consisting
of Max Falk, chairman; Adolph Pinck,
Otto Geise, Joseph Stein, Jesse Frick,
Michael O'Ryan and William Stager-
walt had made all arrangements for
the affair and over forty tables were
filled with players.

Ten prizes were given to the hold-
ers of high scores at the close of a
very interesting evening, and the
auspicious prize which was given
was a fall to the lot of Max Falk, who
found it was a young pig.
The party was given for the benefit
of the church and over one hundred
dollars were cleared on the event, as
well as affording an evening of pleas-
ure to a large number.

HOME INSTINCT.
We do not know whether it is true
or not. It does not sound as if it
were, but since it is about birds it
may be true. Anything about birds
one would not expect birds to do. But
at any rate it is a good story, and a
good story can not be told too often.
It concerns a pair of robins, and is
vouched for. It was printed in a lot
of papers, and reputable men claim to
know that it is the absolute truth,
and it is said that people are verify-
ing it every day. Certainly it would
be easy to verify it if it happened to
live in Richmond, Ind.

The story is to the effect that a pair
of robins built a nest in a convenient
nook under a Pennsylvania freight
car that was standing on a side track
in a yard away up in New York. The
car was away a week or two ago and
sent West. The trainmen noticed that
the robins stuck to the nest as
while after while of space was torn off
by the train and left behind. Several
times the car was stopped at side
tracks, and the birds managed to get
something to eat in the neighbor-
hood. But as soon as the train start-
ed they started with it.

When the car and the robins
reached Richmond the other day the
robins were still with it, still clinging
to their nest, or home. By this time
the trainmen all over the line had
heard about them, and were taking
much interest in them. When the
car reached Richmond and officers of
the road had become so much inter-
ested in the birds that they ordered
it "switched," and unloaded, and it
is to stand at Richmond until the
birds raise their family—undisturbed.
All of which calls attention to the

home instinct. Those robins could
have built another nest in a short
time—one just as good as the one
they had built. They could have
found as good location in an hour.
The loss of their nest would not have
been a serious one to them. So that
it was not that which induced them
to stick to the straw and mud and
strings which they call their home;
it was because it was "home" to
them.

In man, we call it patriotism
which enables him to fight for his
home. In birds and animals we call
it instinct. But whatever we call it
it is the same thing—and divine.
Love for it does not depend upon the
quality of straw and mud and strings
used in building it; patriotism does
not depend upon the actual money
value of home. It depends upon
something which money can not pur-
chase—upon instinct or love for
home.
